EVENT

DroneVation & Defence 2025 - Future Skies in Vienna

DVD25 combines innovations in the drone sector and state-of-the-art drone defence technologies in one symposium. It offers experts from industry, the military, research and security a unique platform to discuss new developments in the field of unmanned aerial systems (UAS) and to discuss them with international experts.

LOCATION

Building 19 of the Wiener Werkshallen

Located on the Simmeringer Haide, the red-brick building convinces with its factory hall architecture and its military-historical connection: The Saurer armored fighting vehicle was once developed and produced on the site by the Austrian Saurer factories.

REPORTING

Extensive live and follow-up reporting in Militär Aktuell, on militaeraktuell.at, the Militär Aktuell social media channels on Facebook, Instagram and LinkedIn and on Militär Aktuell TV.

PROGRAM

09:00 - 17:30 **Symposium**
18:00 - 23:00 **Industry get-together & networking evening**

PROGRAM

First program points have been determined

"DroneVation & Defense" brings together top-class speakers and exhibitors from Austria and abroad. Decision-makers, developers and users from the military, industry, research and politics will offer exclusive insights into current developments, operational experience and technological trends.

Whether autonomous systems, sensor technology, operational concepts or regulatory issues - the program covers a wide range of topics and creates space for exchange at the highest level.

FIRST SPEAKERS CONFIRMED

Keynote **OberstdG Dr. Markus Reisner, PhD**

Markus Reisner is a historian and legal scholar, Colonel of the General Staff in the Austrian Armed Forces and Head of the Institute for Basic Officer Training at the Theresian Military Academy. His research interests include the use of drones in modern warfare.

Keynote **Lieutenant General MMag. Harald Vodosek**

Lieutenant General Harald Vodosek is the Armaments Director of the Austrian Armed Forces and heads Directorate 5 - Armaments. In this role, he is largely responsible for the planning and implementation of procurement projects such as the widespread introduction of drone systems in the red-white-red armed forces.

Keynote **Stephan Kraschansky**

Stephan Kraschansky is a former officer and expert in drone defense for the Austrian Armed Forces. After his leave, he set up his own business as managing director and owner of the Austrian branch of the internationally active drone detection systems specialist Aaronia. Today, he is considered one of the leading drone defense specialists in Europe.

SPEAKERS

20+

PARTNERS &
EXHIBITORS

MILITARY

AUTHORITIES

INDUSTRY

Keynote **Thomas Bernhard**

Thomas Bernhard is Head of Command & Control Systems at Rheinmetall Air Defence in Zurich. He brings more than 20 years of experience as an active officer in ground-based air defense (BODLUV) with various SHORAD systems and at various command levels. He has held various systems engineering positions for GBAD and command information systems (C2) for 15 years.

Keynote **Mag. (FH) Matthias Diem**

Matthias Diem is a sales and business development manager in the Aerospace and Defense sector. His extensive experience includes extensive time spent in Asia, the Middle East, and European countries. Drone defense has been a particular concern of his for years, and he sees major changes and challenges ahead for both the armed forces and industry.

FIRST PANEL DISCUSSION FIXED

WKÖ panel discussion **Protection of critical infrastructure**

Leading experts discuss the challenges of protecting critical infrastructure from drones - at the borderline between self-protection and military national defense. What protective measures can companies take themselves? When is military intervention necessary? And what defense systems do armed forces need to have ready in order to respond effectively to threats?

EXHIBITOR AREA

SMART SPACE

€ 5.900,-*

Compact, efficient booth

- + 8 QM incl. electricity flat rate
- + Conference catering and conference drinks
- + Participation in the industry get-together & networking evening
- + 2x admission to the symposium
